

Works Notification

June 2017

Gold Coast Light Rail Stage 2

NIGHT WORKS – CONSTRUCTION OF CONCRETE ROADSIDE BARRIER
SMITH STREET AND SMITH STREET MOTORWAY, PARKWOOD

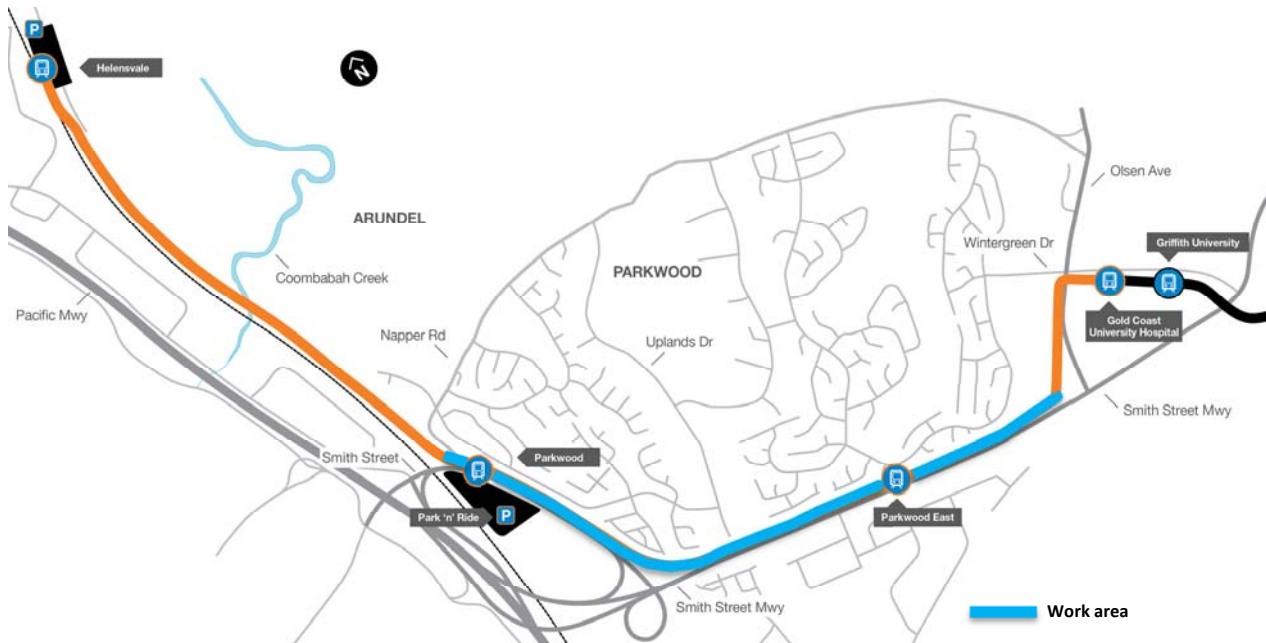

Concrete roadside barrier construction - slipform machines allow for an uninterrupted concrete pour.

From the week commencing Monday 3 July 2017, until mid-August night work is required along Smith Street and the Smith Street Motorway to undertake the following activities:

- Road works to prepare for the installation of a continuous concrete roadside barrier.
- Formwork and concrete casting of roadside barrier.
- Preparation of roads edge for future installation of kerb and channel.

This work will be undertaken between 8:00pm and 4:00am Sunday to Thursday. This work is weather dependent and will be carried out on the next available night shift should delays occur.

To ensure the safety of construction workers and drivers this activity must be undertaken at night when traffic volumes are at their lowest.

Work will involve:

- Progressive temporary short-term lane closures on both Smith Street and Smith Street Motorway.
- Traffic control and signage will be in place to assist and direct motorists.
- Removal of temporary barriers with the use of a mobile crane
- Excavation within the project corridor to prepare area for concrete foundations.
- Deliveries of concrete and concrete casting of roadside barrier using a slipform machine.
- Intermittent use of a concrete saw in the earlier hours of the evening.
- The use of light vehicles, excavators, trucks and mobile crane.
- Using temporary lighting towers to light the work areas.

What to expect

- Increased noise levels from machinery, including excavators and mobile crane.
- Traffic control vehicles to support the lane closures.

Every effort will be made to keep disruption to a minimum for residents and road users. We appreciate your patience during these important works and will continue to update you as work progresses.

Project information

Gold Coast Light Rail Stage 2 involves the design and construction of a new 7.3km route which runs from Helensvale heavy rail station adjacent to the Gold Coast Line, then adjacent to the Smith Street Motorway to connect with Stage 1 at the Gold Coast University Hospital light rail station.

GoldlinQ's construction contractor CPB Contractors commenced construction in July 2016 and are committed to completing the project in time for the Gold Coast 2018 Commonwealth Games.
